

We would like to invite you to the 13th International Conference on Electronics, Telecommunications, Automation and Informatics - ETAI 2016 ([www.etai.org.mk](http://www.etai.org.mk)).

The general topic of ETAI 2016 is Smart City.

This year's hot topics of the conference are: Internet of Things, Digital economy, Cyber security and Big data, as long with all the topics covered by the ETAI society which are published on the conference website.

The four best scientific papers will be published in the renewed **International Journal of Electrical Engineering and Information Technologies**. The rest of the papers will be published in the forthcoming issues of the **Journal of the ETAI society**. Besides the scientific papers, the authors can submit application papers also. For application papers only extended abstract is needed (up to 500 words). Please, find more details on the conference website.

**\* NEW \* Important dates:**

Deadline for Manuscript Submission: **July 8, 2016**

Notification of Acceptance: July 25, 2016

Submission of Final Manuscripts: August 5, 2016

Conference dates: September 22 - 24, 2016

Venue: Hotel Drim ([www.drim.com.mk](http://www.drim.com.mk)), Struga, Macedonia.

We are proud to announce the plenary lecturers:

---

Prof. Dr. [Odej Kao](#),  
Dean of the Faculty EECS at Technical University of Berlin

Talk: Scheduling and Resource Management for Big Data

---

Prof. Dr. [Hiroya Fujisaki](#),  
Professor Emeritus at The University of Tokyo

Talk: Analysis and Modeling of Prosody of Spoken Languages

---

Prof. Dr. [Eduardo Camacho](#),  
Professor at Universidad de Sevilla

Talk: Control for Renewable Energy and Smart Grids

---

Prof. Dr. [Marcel Baunach](#),  
Univ.-Prof. at Institute of Technical Informatics

Talk: Dependable IoT

---

Prof. Dr. Ben M. Chen  
National University of Singapore

Talk: Navigation and Control of Drones in GPS-Denied Environments

---

Please visit the ETAI 2016 website for regular updates.
